CPR Course Request Form

Sudden cardiac arrest is the leading cause of death in the U.S., so it is imperative for all to know how to react during an emergency. CPR uses a combination of rescue breathing and chest compressions to support a small amount of blood flow to the heart and brain to “buy time” until normal heart function is restored.

The South Walton Fire District offers CPR courses for individuals in the community and workplace as well as professional rescuers.

All courses are scheduled on an “as needed” basis at the cost of \$220.00 per course. The course fee is divided equally among students up to a maximum of ten (larger class sizes are available). You will be notified via e-mail or phone of the requested course date, time and location as soon as the class is available.

To register, please complete the form below and return to Ryan Crawford, Division Chief of EMS at rcrawford@swfd.org or mail/fax to the address above.

Requestor Name or Company Name (if applicable):		Phone:		Email:	
		Fax:			
Address		City		State	Zip
I am interested in the following course:					
<input type="checkbox"/> Basic CPR/AED		<input type="checkbox"/> CPR Healthcare Provider		<input type="checkbox"/> First Aid	
Student Names					
1		6			
2		7			
3		8			
4		9			
5		10			
<input type="checkbox"/> I request additional information regarding a class with more than 10 students. <input type="checkbox"/> I understand that SWFD schedules courses on an “as needed” basis. I also understand the cost of the course will vary based on class size and I will be given the opportunity to wait for a class that meets full capacity.
