SECTION H	FUTURE GOALS/OBJECTIVES

SECTION A

1. SWFD #1 (2 Story)	Operations/Equipment
Location:	117 N. Wall Street Inlet Beach, FL 32461
Dimensions:	9,600± SF Total 6,400± SF Heated/Cooled 3,200± SF Equipment Bay
Construction Type:	II-B Unprotected Unsprinklered
Wind Load:	135 mph
Actual Age:	36 Years
Effective Age:	New
Typical Life Expectancy:	50 years
Estimated Depreciation:	0%
Uses:	67% Station Operation 33% Equipment Bay
Other:	Completed remodel in 2007 by Design/Build Systems, INC.
Foundation:	Concrete slab on grade Termite Protection
Exterior Walls:	Stucco over 1" quick R board over existing Metal siding 3" batt insulation.
Frame:	Prefabricated metal construction

Roof: 24 gauge metal over metal framing; 3" thick vinyl Back reinforced insulation

Interior walls: Operations area: Metal studs, insulation, finished With drywall/paint
Equipment Bay: 26 gauge architectural liner and 3" Batt insulation

Flooring: Operations area: Tile, vinyl, carpet
Equipment Bay: Painted/sealed concrete

Windows: Aluminum frame, insulated, hurricane shutters

Fire Protection: Detectors, automatic

HVAC: Adequate for size and use

Electrical: Average number of outlets

Gas: Present for full facility generator

Plumbing: Adequate for size and use

Stairs: Exterior: Steel with concrete fill
Interior: Steel

2. **SWFD #2** (1 Story)

Operations/Equipment

Location: 2109 S. County Highway 395
Santa Rosa Beach, Florida 32459

Dimensions: 8,788± SF Total
4,708± SF Heated/Cooled
4,080± SF Equipment Bay

Construction Type: VI
Unprotected
Sprinklered

Wind Load: 130 mph

Actual Age:	12 Years
Typical Life Expectancy:	50 years
Uses:	50% Station Operation 50% Equipment Bay
Other:	Actual build date = 2004 Completed addition and remodel in 2016 by DAG Architects and Childers Construction
Foundation:	Concrete slab on grade, reinforced, moisture barrier Termite Protection Operations – 4” Equipment Bay – 6”
Exterior Walls:	Operations – 2x6 stud walls with stucco/ Cementitious siding Equipment Bay – 12” masonry with stucco/ Cementitious siding
Roof:	Operations – Pre-engineered roof trusses, 3/4” plywood decking Simpson Connectors. Complete re- roof in 2016 with standing seam metal and TPO Equipment Bay – Pre-engineered metal trusses with metal roof covering
Interior walls:	Operations area: 2x4 stud walls, 1/2” tie rods, insulation, finished with drywall/paint. Equipment Bay: Painted concrete block
Flooring:	Operations area: Tile, stained concrete, carpet Equipment Bay: Painted/sealed concrete
Windows:	Aluminum frame, insulated, hurricane shutters
Fire Protection:	Detectors, automatic sprinklers
HVAC:	Adequate for size and use
Electrical:	Average number of outlets

Gas:	Present for cooking, water heating, general heating and station generator
Plumbing:	Adequate for size and use
Stairs:	N/A
3. <u>SWFD #3</u> (2 Story)	Operations/Equipment
Location:	911 N. County Highway 393 Santa Rosa Beach, Florida 32459
Dimensions:	17,421± SF Total 12,772± SF Heated/Cooled 2,775± SF Equipment Bay 617± SF Screened Porch 1,257± SF Entry Porch
Construction Type:	IV Unprotected Sprinklered
Wind Load:	130 mph
Actual Age:	17 Years
Typical Life Expectancy:	50 years
Uses:	75% Station Operation 25% Equipment Bay
Other:	Actual build date = 1999 Completed addition in 2007 by Design Build Systems, Inc. and a partial remodel in 2012
Foundation:	Concrete slab on grade, reinforced, moisture barrier Termite Protection Operations – 4” Equipment Bay – 8”
Exterior Walls:	Reinforced CMU walls with bond seams

Operations – graduated 12” to 6” masonry
Equipment Bay – 12” masonry with 2” EIFS/Split face block

Frame: Prefabricated metal frame – equipment bay only

Roof: Operations – 1 ½” 22 gauge, type F, metal frame, metal deck, rigid insulation board, single ply roof
Equipment Bay – Pre-engineered metal, standing seam, 20’ eave height

Interior walls: Operations area: metal studs, insulation, finished with drywall/paint
Equipment Bay: Painted concrete block

Flooring: Operations area: Tile, vinyl, epoxy coating, carpet
Equipment Bay: Painted/sealed concrete

Windows: Aluminum frame, insulated, hurricane shutters

Fire Protection: Detectors, automatic sprinklers

HVAC: Adequate for size and use

Electrical: Average number of outlets

Gas: N/A

Plumbing: Adequate for size and use

Stairs: Metal with concrete fill

Elevator: Wheelchair lift to second story

4. **SWFD #4** (1 Story) Operations/Equipment

Location: 485 Mack Bayou Road
Santa Rosa Beach, Florida 32459

Dimensions: 6,553± SF Total
4,257± SF Heated/Cooled
2,100± SF Equipment Bay

	196± SF Entry Canopy
Construction Type:	IV Unprotected Sprinklered
Wind Load:	130 mph
Actual Age:	15 Years
Typical Life Expectancy:	50 years
Uses:	70% Station Operation 30% Equipment Bay
Other:	Actual build date = 2001 Completed addition and remodel 2009 by Design Build Systems, Inc.
Foundation:	Concrete slab on grade
Exterior Walls:	Stucco over 1" quick R board, over 26 gauge Architectural metal panels, 3" batt insulation
Frame:	Pre-engineered metal construction
Roof:	24 gauge metal, over metal framing, 3" thick vinyl Back reinforced insulation
Interior walls:	Operations area: metal studs, insulation, finished with drywall/paint Equipment Bay: 26 gauge architectural liner and 3" batt insulation
Flooring:	Operations area: Tile, vinyl, stained concrete, carpet Equipment Bay: Painted/sealed concrete
Windows:	Aluminum frame, insulated, hurricane shutters
Fire Protection:	Detectors, automatic sprinklers
HVAC:	Adequate for size and use

Electrical: Average number of outlets
Gas: Heating, Cooking and station generator
Plumbing: Adequate for size and use
Stairs: N/A

5. **SWFD #5** (2 Story)

Operations/Equipment

Location: 217 S. Geronimo St
Miramar Beach, Florida 32550

Dimensions: 6,000± SF Total
4,000± SF Heated/Cooled
2,000± SF Equipment Bay

Construction Type: IV
Unprotected

Wind Load: 130 mph

Actual Age: 27 Years

Typical Life Expectancy: 50 years

Uses: 70% Station Operation
30% Equipment Bay

Other: Actual build date = 2001
Completed remodel 2006 by Design Build Systems, Inc.

Foundation: Concrete slab on grade

Exterior Walls: Stucco over 1" quick R board, over 26 gauge Architectural metal panels, 3" batt insulation

Frame: Pre-engineered metal construction

Roof: 26 gauge metal, over metal framing, 3" thick vinyl Back reinforced insulation

Interior walls: Operations area: metal studs, insulation, finished with drywall/paint
Equipment Bay: 26 gauge architectural liner and 3" batt insulation

Flooring: Operations area: Tile, vinyl, carpet
Equipment Bay: Painted/sealed concrete

Windows: Aluminum frame, insulated, hurricane shutters

Fire Protection: Detectors

HVAC: Adequate for size and use

Electrical: Average number of outlets

Gas: Heating, Cooking and station generator

Plumbing: Adequate for size and use

Stairs: Metal

6. **SWFD #6** (1 Story) Operations/Equipment

Location: 70 S. County Highway 393
Santa Rosa Beach, FL 32459

Dimensions: 3,260± SF Total
2,240± SF Heated/Cooled
1,020± SF Equipment Bay

Construction Type: IV
Unprotected

Actual Age: 43 Years

Typical Life Expectancy: 50 years

Uses:	Commercial
Other:	Actual build date = 1974
Foundation:	Concrete slab on grade
Exterior Walls:	Metal
Frame:	Pre-engineered metal construction
Roof:	Metal
Interior walls:	Operations area: wood studs, insulation, finished with drywall/paint
Flooring:	Operations area: Tile, carpet Equipment Bay: Painted/Sealed concrete
Windows:	Aluminum frame
Fire Protection:	Detectors
HVAC:	Adequate for size and use
Electrical:	Average number of outlets
Gas:	N/A
Plumbing:	Adequate for size and use
Stairs:	N/A

SECTION B

PENDING UPGRADES/IMPROVEMENTS

1. SWFD #1 – Operations/Equipment
117 N. Wall Street, Inlet Beach, Florida 32461

Improvements: The subject improvements are sited on the west side of Wall Street, north of U.S. Highway 98. The improvements are less than $\frac{3}{4}$ miles from the Gulf of Mexico.

2. SWFD #2 – Operations/Equipment
2109 S. County Highway 395, Santa Rosa Beach, Florida 32459

Improvements: The subject improvements are sited on a $3\pm$ acre tract on the east side of County Highway 395 South. The improvements are less than one mile from the Gulf of Mexico.

3. SWFD #3 – Headquarters/Operations/Equipment
911 North County Highway 393, Santa Rosa Beach, Florida 32459

Improvements: The subject improvements are sited on a $9.6\pm$ acre tract of land located on the west side of County Highway 393 North. The improvements are approximately 2.5 miles from the Gulf of Mexico

4. SWFD #4 – Operations/Equipment
485 Mack Bayou Road, Santa Rosa Beach, Florida 32459

Improvements: The subject improvements are sited on the west side of Mack Bayou Road, north of U.S. Highway 98. The improvements are about 1 mile from the Gulf of Mexico.

5. SWFD #5 – Operations/Equipment
217 S. Geronimo Street, Miramar Beach, Florida 32550

Improvements: The subject improvements are sited on the east side of South Geronimo Street. The improvements are less than $\frac{3}{4}$ mile from the Gulf of Mexico.

6. SWFD #6 – Operations/Equipment
70 South County Highway 393, Santa Rosa Beach, Florida 32459

Improvements: The subject improvements are sited on the west side of South County Highway 393. The improvements are approximately 2 miles from the Gulf of Mexico.

SECTION C

LEASE/SALE OF PROPERTY

SWFD #3 - 911 North County Highway 393, Santa Rosa Beach, Florida 32459

Tower lease with American Tower

SWFD #6 - 70 South County Highway 393, Santa Rosa Beach, Florida 32459

Property has been rezoned as Village Mixed Use and is being leased for commercial use.

SECTION D

RESOURCES

(See Attached Chart)

SECTION E

DEMOGRAPHIC INFORMATION

General: The South Walton Fire District provides fire protection, ALS emergency medical transport, coastal lifeguard services, fire prevention and 911 emergency call center services to 84 square miles of the south end of Walton County, Florida. The service area includes approximately 22,000 permanent residents and an estimated 3.3 million visitors each year.

Emergency Response Reporting: (See Attached Chart)

SECTION F

COMMUNITY PROJECTS

General: The South Walton Fire District offers several programs such as blood pressure checks, child safety seat inspection, smoke detector checks, CPR and AED instruction programs as well as the junior lifeguard program.

Community Partnership:

The South Walton Fire District partners with several agencies within Walton County to provide and participate in areas such as Emergency Management, Local Mitigation Strategy and traffic safety. The South Walton Fire District partners with several businesses within Walton County to provide beach lifeguard services above and beyond the tax based service.

The South Walton Fire District also provides instruction and meeting facilities for groups such as the Boy Scouts, Girl Scouts, township meetings, utility board meetings and other groups and agencies.

SECTION G

EMPLOYEE DATA

General: The South Walton Fire District employs a variety of personnel in a variety of different job functions.

Positions: Dispatchers: 10 full time dispatchers and 2 supervisors staff the communications center 24 hours 7 days a week.

Lifeguards: Approximately 50 lifeguards staff towers and roving patrol for 26 miles of beach during the season. Two supervisors are employed year-round.

Firefighters: 84 firefighters provide emergency medical and fire protection to the community 24 hours 7 days a week, divided between 3 shifts. All firefighters are also EMTs or Paramedics.

Station #	Location	Personnel
SWFD #1	117 Wall St, Inlet Beach, FL	4 firefighters
SWFD #2	2109 S County Highway 395, Seagrove Beach, FL	6 firefighters
SWFD #3 (Headquarters)	911 N County Highway 393, Santa Rosa Beach, FL	6 firefighters and 3 dispatchers
SWFD #4	485 Mack Bayou Rd, Santa Rosa Beach, FL	6 firefighters
SWFD #5	217 Geronimo St, Miramar Beach, FL	6 firefighters

Inspectors: 2 Inspectors work throughout the District.

Administration: 15 Management and administrative staff are located at SWFD #3, Headquarters.

SECTION H

FUTURE GOALS/OBJECTIVES

The South Walton Fire District plans to expand the Headquarters location to add additional operation, equipment and training space. The facility will be expanded to provide on-site fleet services and proficiency training to our firefighters. The expansion will allow for additional storage and growth of the District. This project has met several milestones already and will be shovel ready in the summer of 2017.

The District is also monitoring the growth of the residents and businesses with regards to coverage areas, response times and adequate staffing. It is anticipated that continued growth will prompt additional staffing, equipment and facilities.
