Hello Mr. Vaughan,

Last month, my family had a great time visiting Inlet Beach. On Monday, August 24, we enjoyed a few more hours on the beach before driving home. While setting up in the beach, your lifeguard Adam Boyer went out of his way to offer the use of a beach umbrella since we have a fair-skinned redhead 2-year old daughter. He explained the need for why toddlers and the elderly need extra protection from the sun, even on overcast days. He then set up the umbrella and let us use it at no cost. When we were packing up to leave, he came back to close the umbrella and return it to the stock.

His thoughtfulness and ambition should definitely be commended! He, along with fellow lifeguard Mike Winterman were always friendly, courteous and professional. It's because of great guys like Adam and Mike that make South Walton the best beach destination. We look forward to returning again soon.

Thank you for having great personnel on your team.

Kind regards, Ben, Amy & Alyse Clements
